PILOT TESTING AND SOFTWARE DEVELOPMENT AGREEMENT

This Agreement is made on _____, between:

Developer/Development Team:
Name: _____
Address: _____
Contact: _____

and

Client/Laundry Shop Owner:
Name: _____
Business Name: _____
Address: _____
Contact: _____

Both parties agree to the following:

1. PURPOSE

The Developer will provide a **Laundry Order Monitoring and Business Transparency System** for the Client's laundry shop.

The system is intended to help the Client manage laundry orders, customers, employees, payments, order status, and transaction records.

2. FREE PILOT PERIOD

The system will initially be provided to the Client **free of charge** for testing and evaluation.

The free pilot period will start on:

Start Date: _____

and will end on:

End Date: _____

The free period is intended to allow the Client to use the system in an actual laundry business environment and provide feedback for improvement.

3. CLIENT RESPONSIBILITIES

The Client agrees to:

- Provide correct information needed for system setup.
- Allow the Development Team to understand the shop's normal workflow.
- Test the system during the pilot period.
- Report bugs, problems, and useful suggestions.
- Provide reasonable cooperation during testing.
- Keep login credentials confidential.

4. DEVELOPER RESPONSIBILITIES

The Developer agrees to:

- Develop and maintain the agreed system during the pilot period.
- Fix reasonable bugs discovered during testing.
- Protect Client information using reasonable security practices.
- Provide basic instructions for using the system.
- Consider Client feedback when improving the system.

5. SOFTWARE OWNERSHIP

Unless a separate written agreement states otherwise, the **source code, system architecture, database design, and general software components remain the property of the Developer/Development Team**.

The Client is given permission to use the system for the agreed pilot period.

The Client may not copy, sell, redistribute, or give the software or source code to another party without written permission from the Developer.

6. FUTURE PAID USE

After the free pilot period, the parties may discuss continued use of the system under a **paid agreement or subscription plan**.

Possible future charges may include:

- Monthly software subscription

- Annual subscription
- Hosting
- Maintenance
- Additional features
- Custom development
- Support services

No future payment is required unless the parties agree to the terms in writing.

7. CLIENT DATA

The Client's business information, customer information, order information, and other data entered into the system belong to the Client or the appropriate data owner.

The Developer shall not intentionally sell or disclose Client data to unrelated third parties.

8. SYSTEM LIMITATIONS

During the pilot period, the system may contain bugs, changes, or incomplete features because it is being tested and improved.

The Developer will make reasonable efforts to fix important problems reported by the Client.

9. TERMINATION

Either party may end the pilot agreement by giving written notice to the other party.

Upon termination, the parties should coordinate regarding the Client's stored data and access to the system.

10. FUTURE AGREEMENT

If the Client decides to continue using the system after the pilot period, both parties may enter into a separate agreement describing:

- Price
- Payment schedule
- Subscription period
- Hosting
- Maintenance
- Support
- New features
- Data handling

- Software licensing

11. AGREEMENT

Both parties confirm that they understand and agree to the terms above.
